

AGDATA
AGCELERATE

Spend less time on paper work and more time with your growers!

AgCelerate is the most effective and secure way to stay in compliance for your growers licensing.

As a supplier you can track seed licenses for multiple growers across most manufacturers! Registering for you and your growers is **EASY, FAST, and FREE.**

If someone at your location already uses AgCelerate, they can add you as a user.

If your location isn't listed, go to www.AgCelerate.com and click the Contact Tab and request an Invite Code to get started!

Track all your growers' licenses in one place!

Benefits of registering as a supplier in AgCelerate and having your growers sign agreements electronically:

- ✓ **Saves Time** AgCelerate fills the forms out for you and the growers. No more having to deal with rejected agreements and tracking down growers to ask them to resign.
- ✓ **Fast Licenses** No more postage cost and waiting on mail and processing time. Most license numbers are issued to growers instantly.
- ✓ **Efficient** You and your growers can go to one source for seed licensing instead of multiple websites or paper agreements. You can see multiple seed licenses for your grower in one spot. Even download reports and view compliance metrics!
- ✓ **Paperless** Electronic signatures improve accuracy and significantly reduce the time required to match your customers' trait purchases (GPOS) to the appropriate trait provider. Our IPAD application makes grower licensing accessible online or offline anywhere.
- ✓ **Round the clock, 24 hour access!**
